Dear Jack; ——

Well you asked for it so here goes! ——

I've only known you a year — Almost 2 — But still I've certainly enjoyed being your friend — Eh — well — Let's see! I guess I should wish you success and happiness but instead I'll just tell you how swell I think you are — Also I think you're a very swell guy — Very interesting and Good — looking (If I may say so) you & I have had a lot of fun together haven't we, Jack? Don't forget last year Grammer School — How we spurted ourselves studying and all —— Also remember our perfect! teacher (Mr. Rice) — Well I better sign off — Kid — Do give me a thought once in a while will you? Always "Brownie"

THE
OAK ALBUM

1936

FOREWORD

In this . . . the nineteenth volume of The Oak, the staff has tried to depict our days and the days past in familiar scenes—on the campus, in the field of learning, and on the athletic field. By way of contrast, we have reproduced scenes of the activities and dress of the "Gay Nineties" . . . If this book is able to impress more clearly upon your minds the changes which have been of such benefit to us, it will also recall them in future years, and our work will have been a success.

DEDICATION

The Class of 1936 and the students of Visalia Union High School dedicate "The Oak Album" to the Board of Trustees and the Faculty of the Visalia Union High School in appreciation of the many things they have done for us. We wish to thank the Board of Trustees and the taxpayers for the additions and improvements they have so generously made possible. We hope to repay our teachers' confidence by our future success in all lines of endeavor.

ADMINISTRATION

A small administrative staff directs and coordinates the work in the Visalia Union High School.

Superintendent DeWitt Montgomery is responsible to the Board of Trustees for carrying out the board's fiscal policies and maintaining community relationships. Principal Lawrence J. Williams is responsible for the general set-up and detailed management of the school. In this work he is assisted by Vice-Principal W. L. Shidler.

Miss Gertrude Webb, girls' adviser, assists the girls with their individual problems, and Mr. George C. Holstein has charge of continuation education and also counsels with boys on special problems.

Mr. Claude Paregien acts as principal of the evening high school.

In addition each faculty member has duties and responsibilities assigned to him by the principal.

From the time of its entrance into high school in 1932, the members of the class of '36 have been very active in sports, in social life, in the drama, and in scholarship. They have been actuated by impulses of loyalty, of school spirit, and of student self-government.

The Harvest Dance, a noteworthy event, was a conspicuous success, as were also the Sport Dances which made this event possible. The Junior-Senior Prom was a delightful occasion, with its original Oriental Garden setting, reflecting credit on the class.

For the dramatic and musical departments the class furnished a number of characters in the school play and some of the roles in the operetta. In the various classrooms, the class members set a standard of excellence and achievement reflected by the Honor Roll and by the compliments of the faculty. In athletics, the class developed many good athletes, some of whom have gained state-wide recognition.

All in all, the accomplishments of the class of '36 have been of a character of which the parents, the teachers, and the students themselves may be pardonably proud.

This year the Junior Class attacked with its usual vivacity and determination the problems that confronted it. The greatest was the financing of the Junior-Senior Prom. The class plunged into making money for this big event in all different fashions. The Junior Harvest Dance was staged in the merry season of awesome witches and hallowed pumpkins. After every home basketball game a "Hop" was held which not infrequently brought measurable success. The leap year was celebrated with a unique dance when the girls invited the boys and furnished the necessities usually provided by the stronger sex. Spectators at track meets, baseball games, and basketball games were diverted from the play by enthusiastic juniors vending candy. Frequent meetings were held after school with faculty members, chairmen of committees, class officers, and enterprising reporters of the "Pioneer" all contributing ideas toward the general good of the class. With all this activity we could not help but have an excellent prom, and it was. The Grecian Garden setting was entirely pleasing; gay flowers, green foliage, new dresses, and smiling faces gave the occasion a really enjoyable and diverting atmosphere. It was truly a fitting farewell for our graduates.

The Sophomore Class, one of the largest in our school's history, has been more fortunate in everything it has undertaken.

The high water mark in the class' social activity was the annual Carnival and Dance. This year the entire Student Body was invited. Decorations in the Hallowe'en motif, numerous booths containing candy, noisemakers, motion pictures, games of chance, and fortune telling served as a background of an enjoyable dance.

The second year class is well represented by many members in the C. S. F., and the class is proud of its members who have done much to further the high standards of scholarship in the school.

In dramatics and athletics, the sophomores are outstanding. The class play presented in the contest April 3 was highly creditable, promising future success in high school theatricals for members of the class of '38. In athletics, the sophomores had representatives on all major teams and in all league contests.

At present the sophomores are looking forward to a successful third year with ever higher goals set by the social committees, C. S. F. representatives, drama department and the promising athletes they expect to establish a long standing record.

The class of '39 which entered Visalia Union High School this year has taken an active part in student body affairs.

The class enrollment has outnumbered that of any other class in the history of the school. All two hundred and sixty-seven members have had a successful year.

Among the most important events for the freshman class was the freshman-sophomore reception. This affair was sponsored by the sophomore class and was enjoyed by all who attended.

The freshmen have made outstanding records both in scholarship and athletics. Members of the class have gained places in the California Scholarship Society and hope to maintain and increase their membership in this association as they advance. Many students have shown great ability in athletics and have attained places on major athletic teams.

In the upholding of school traditions this class has been outstanding and hopes to continue their fine record in all fields of endeavor.

STUDENT COUNCIL

The Student Council is the executive and legislative body of the Associated Students of the Visalia Union High School. A few of its important duties are the regulation of expenditure of student body funds, the awarding of school emblems, the interpretation of the constitution, and in case of vacancies the election of new student body officers. Although it was necessary to elect several new members to the council at the close of the first semester, the organization has accomplished many constructive things.

During the first semester the officers included Teddy Fuchs, Jack Abbott, Izetta Brown, Richard Wenn, Jean Chivers, Scotty Wells, Jane Vosburgh, Elroy Mills, and Robert Swanson. At the beginning of the second semester, Izetta Brown was advanced to the position of president to fill the vacancy created by the graduation of Teddy Fuchs. George Lindman and Grace Ann Squire were elected to fill the vacated positions of commissioner of finance and commissioner of student welfare respectively. Mario Del Re was elected Sophomore Class president, and Phil Vandeventer was elected Freshman Class president.

It is felt that with the guidance of Mr. Ray Houston, faculty advisor, the Student Council of 1935-36 has had a most successful year.

OAK STAFF

The goal set by this year's Staff was to produce a 1936 issue of the Oak to surpass all previous publications.

Among the first things decided upon was the general theme of this annual. Visalia being one of the oldest cities in the San Joaquin Valley, it seemed quite appropriate to choose "Visalia in the Gay 90's" as a suitable theme.

A completely new echelon picture arrangement proved to be favorable and was carried out. The two panel senior arrangements and faculty groupings were adopted for their appearance and their variation from issues of the past.

This annual was published through the efforts of the following: Marvin Chrissakis, Editor-in-Chief; Marjorie Mae McSwain, Associate Editor; Melene Heptner, Organizations; Emily Belle Brooks, Senior Editor; Lucille Finch, Art Editor; Bill Waddle, Photography; Walter Bailey, Snapshots; Elgin Ensign, Boys' Sports; Elizabeth McCarthy, Girls' Sports, and Charles Strong, Business Manager. Guiding advice and instructions were afforded by Miss Helen Grant, Editorial Advisor; Miss Alice Rouleau, Art Advisor, and Mr. Claude Paregien, Financial Advisor.

This "Oak" is published with only one intent—that it will meet with the approval of everyone.

PIONEER STAFF

During this school year and for the first time in many years, Visalia Union High School has scheduled a class for the study of journalism. The importance of such a class has been remarkably demonstrated by the improvements made in the style of writing and makeup of the weekly school paper, "The Pioneer." The most important of the changes brought about through the efforts of this class was the substitution of the name "The Pioneer" for "Visalia Union High School News." After it had been suggested by the journalism class this change was made by an amendment to the student body constitution. Later, in order to improve the makeup of the first page and to include more words to the inch of "The Pioneer," both the size and style of the type used in printing the paper were altered. Under the capable direction of Miss Davidson, advisor, and Lawrence Bradley, editor, the journalism class, although small, made an efficient and successful staff for writing the paper.

GIRLS' LEAGUE

Climaxing long and earnest preparation on the part of the members and advisers of our Girls' League the convention of the San Joaquin Valley Federation of Girls' League was held at Visalia for the first time in ten years.

Approximately six hundred delegates were entertained during their two days stay, at which time plays, lectures, luncheons and a tea were held. Among those who prepared for the affair were our advisers, the Misses Webb, Burnard, Meyers, and Hopkins and the following officers: President, Jane Vosburgh; vice president, Elizabeth Ayres; secretary, Georgia Swiggart; treasurer, Eleanor Winton.

Instead of their annual costume party the Girls' League held a picnic supper before the theatre benefit. The outstanding annual service performed by the Girls' League is the awarding of the fifty-dollar scholarship, which is given to the senior girl who has surpassed all others in scholastic ability during her high school career. Other activities which the Girls' League sponsored were: Lost and found, bulletin board, courtesy, social service, civic, decoration, and program.

BOYS' FEDERATION

Scotty Wells - - - - President
Frank Ward - - - Vice President
Marvin Wagner - - Secretary-Treasurer
Robert Strader - - - - Yell Leader

This year, under the able leadership of its officers, headed by President Scotty Wells, the Boys' Federation successfully undertook and completed one of the most extensive programs in its history.

At the regular meetings colorful and exciting boxing and wrestling matches were presented, including several special "battle royals."

Two very interesting assemblies were held during the year, one in honor of "Stub" Allison, head football coach at the University of California; the other to hear Walter "The Great" Mails, former major league baseball player.

In the spring the annual Boys' Federation Picnic was held at Mooney's Grove. The usual junior-senior brawl was held and many other interesting activities were indulged in at the picnic. Under the able assistance and supervision of Mr. Paul "Polly" Wilhelmsen, faculty adviser of the Federation, and its capable officers, the year of 1935-36 was an outstanding success.

SCHOLARSHIP FEDERATION

The Scholarship Society of our school is one of the most worthwhile clubs that we have. It allows the student members the privilege of going to the library without a permit, being dismissed from final examinations, and having an annual half holiday picnic in the spring. The only requirement for membership is a semester rating of three A's and one B in college preparatory courses. Other activities may be substituted to fulfill membership requirements. Most of the students who are members take important parts in school affairs.

Students who have belonged for at least six semesters during high school become seal bearers. There are three seal bearers this year.

The Federation officers for the first semester were: David Rice, President; Lorraine Thompson, Vice President; Denton Harvey, Secretary. For the second semester: Georgia Swiggart, President; Harry Carlton, Vice President.

PIONEER FOOTBALL

Coach Holstein, our new athletic instructor at V. U. H. S., produced one of the strongest teams of the heavyweight division. The autumn of 1935 found an abundance of experienced material ready to be whipped into shape.

A supposedly detrimental 7-7 tie with the Strathmore Spartans proved to be the spark necessary to ignite the fire in the Pioneers. A new spirit seemed present on the practice field during the week following the Strathmore game. This new enthusiasm caused the 31-0 victory over Lindsay, the 7-0 win from Exeter and the 27-6 defeat of the powerful Porterville eleven.

Bad breaks and a slump in spirit resulted in Visalia's first and only defeat, when the Pioneers suffered a 0-13 setback at the hands of Hanford, the county title winner. Once more regaining their previous fight and determination, the local eleven topped Tulare 21-0 and walked over Delano 87-0.

Scotty Wells, Bill Russell, Jack Abbott, Jean Chivers, Elmer Ringer, Roy Lamb and Frank Stasio comprised the powerful line which drove and blocked for Glen Poston, Charles McKinney, Ralph Godfrey and Ted Fuchs, members of the varsity backfield.

VOODOO FOOTBALL

Visalia's lightweight team of 1935, under the guidance of Coach Paregien, had a very successful season, having won the bi-county pennant and completed the year without a point scored upon them.

Only four lettermen from 1934 returned to the Voodoo ranks, causing a shortage in material and a necessity for developing inexperienced men. From this group was produced the strongest team of the league in "B" class competition.

In the Visalians' league opener at Strathmore, the local lightweights finished on the long end of a 20-0 score. This proved to Coach Paregien the ability of his team, and he immediately set the bi-county championship as his goal. The following game with Lindsay resulted in a 7-0 victory for the Voodoos. Preceding this game, the new bowl was dedicated, and after the ceremony the locals set out to win the first game played on the new turf. The next two encounters resulted in 0-0 deadlocks with Exeter and Porterville. In the remainder of the season the Voodoos defeated Hanford 3-0, Tulare 6-0, and Delano 27-0.

First Row—D. Miller, T. Fuchs, B. Benton, M. Huff, G. Stalder, R. Godfrey, M. Nakamichi
Second Row—A. Becker, F. Stasio, R. Beckner, D. Rice, C. McKinney, J. Chivers
Third Row—B. Jett, A. Reid, G. Wihlidal, E. Ensign, B. Chase, Assistant Coach Henry, Coach Polly Wilhelmsen

PIONEER BASKETBALL

This was indeed a fortunate year for Visalia in sports, especially in varsity basketball. Coach Polly Wilhelmsen produced an outstanding team only to lose it by mid-term graduation. From his remaining reserves and the lightweight squad he brought forth a surprising team which some judged to be far superior to the original five.

Godfrey, Fuchs, Miller, Benton and Huff comprised the team which started the season and won the first three league games from Dinuba, Hanford and Delano.

The inexperienced team consisting of Stalder, Rice, Beckner, Chivers and Nash started off the second semester with a two-point defeat by Tulare. Following this the locals topped a fast-stepping Porterville five to tie up the bi-county championship between Visalia and Delano. A playoff game on the local floor resulted in a Pioneer victory and the right to play Taft for the southern division of the San Joaquin Valley. Visalia's luck held out and they defeated Taft 17-16. In the valley playoff with Edison Tech at Fresno the locals lost 35-23.

Coach Wilhelmsen looks back on a very successful season and hopes his team of '37 can equal this.

First Row—G. Lindman, B. Turner, M. Miller, B. Nash, D. Ferguson, J. Hagler, A. Cote
Second Row—R. Hill, J. Tanabe, E. Pottichen, B. Goodell, N. Bradley, A. Harder, O. Brecht
Third Row—Coach Polly Wilhelmsen, H. Ensz, H. Jukes, H. Ensign, W. Bailey

VOODOO BASKETBALL

Coach Wilhelmsen faced the 1936 season with a limited amount of lightweight material. The Voodoos won only two out of the five league tilts; however, they managed to win a majority of the practice tilts played against teams from other leagues.

Playing the first league game of the season against Dinuba, Visalia suffered a 28-27 setback. In the next two games the local lightweights lost to Hanford 11-33 and defeated Delano 19-17. Two more victories were chalked up for the Voodoos on the following week end when they downed Fresno High 23-19 in a practice tilt, and Tulare 14-12 in a league game. The closing game of the 1936 season resulted in a four-point defeat of the Visalians by the Porterville lightweights.

B. Turner, A. Cote, B. Nash, M. Miller and J. Hagler made up a team which was feared by other league contenders. A vacancy caused by the advancement of Nash to the varsity team at mid-term was well filled by Lindman.

The team profited by a year's experience which will prepare them for Voodoo or varsity competition next season.

SENIOR GIRLS' ATHLETES

Profiting from three years of experience, the senior sports class developed teams that have proved themselves worthy of higher competition. During four years of playing, the girls of the class of '36 have excelled in the game of basketball. An experienced team was developed this year that always played with clever floor work. When the interclass tournaments were played off, the seniors were victorious over their competitors in every game.

In a spirited hockey contest the junior team topped the seniors by a four to three count. In soccer the senior team showed remarkable ability during practice periods, but when the interclass play-off took place they lost to the junior squad, but won over the freshmen and sophomores. Although the seniors were defeated in these games they always retained their fight and determination and played to the best of their ability until the close of the games.

First Row—P. Huestis, A. Picanso, J. Richard, R. Morentin, J. Cino
Second Row—G. Squire, C. Day, W. Cecil, M. Elrod, E. Dougherty, D. Johnson, V. Jacobs
Third Row—D. Dougherty, M. Alexander, E. Russell, C. Christie, V. Adalian

JUNIOR GIRLS' ATHLETES

Teams of unlimited abilities were organized from the material provided by the class of '37. A new high in girls' athletics was reached by the junior athletes. The team representing the junior class was victorious over nearly every team it met. In the interclass sports play-offs they won the soccer, speedball, and hockey events. Despite their scoring abilities, the other teams enjoyed playing with them because of their sportsmanship.

Victory was always theirs when they met a freshman or sophomore team, but meeting a senior team was not so pleasant. These games between the juniors and seniors were very interesting to watch. Their experience and capability made their matches eventful and close. The most decisive victory of the juniors over the seniors was in the speedball classic which resulted in a twenty-two to five walk away. With one more year ahead of them the juniors are expected to be even stronger then than this season with their strongest competition being the sophomores of this year.

First Row—B. Brownlow, B. Pursell, V. Jones, I. Warren, Z. Masi, C. Tajiri, K. Kottmeier
Second Row—M. Simons, M. Conrad, E. Cecil, N. Bufkin, H. Lynch, E. Davis, M. Morrow
Third Row—B. Uhl, M. Middleton, E. McElwee, E. French, J. Bradley, R. Lindsay, V. Stewlow

SOPHOMORE GIRLS' ATHLETES

Cooperation and eagerness were the prime factors in the onslaught of the sophomores against the other classes. This outstanding feature was the means by which the sophomore girls were victorious over the freshmen and made such good showings when matched with the more experienced teams.

Remarkable improvement is noticeable in the ranks of these sophomore athletes who have jumped from one of the least conspicuous contenders to one of the most feared by the other classes. Freshmen and sophomore teams usually disregard the strength that can be built up by playing as a unit instead of playing as individuals. Regardless of the large score that might be hovering over them, these sophomore girls have attained a reputation of fighting to the finish with even greater determination than before. Most of the defeats recorded by the sophomores were due to one or two point losses. All eyes will be turned towards these girls next year for many believe that they will hold the position in sports that the juniors held this season.

Fourth Row—M. Van Gordon, E. Wilton, J. DuBois, J. Huestis
Third Row—R. Henderson, D. Christie, J. Squire, N. Dennison, A. Shirk, L. Huestis
Second Row—V. Sweeney, K. Williams, B. Greenleaf, M. Hogue, R. Erwin, M. Bondreau
First Row—R. Jolly, S. Nakamichi, K. Oda, G. Smith, R. Wing, M. Turner

FRESHMAN GIRLS' ATHLETES

Although inexperienced, the freshman players showed possibilities of developing into some of the strongest material that has ever been produced in this school. Many noticeable improvements were detected in the games in which the freshmen participated. When the inter-class play-off was held, the freshmen proved their sportsmanship although they were not winners of the events. The upperclass teams were forced to give their best performances when they were matched with the freshman teams. Winning scores were accounted for by their competitors only after hard fought battles. Next year when these girls are sophomores strong teams in each sport are expected to be formed, teams which will prove to be some of the strongest in competition. This year the freshmen held try-outs before each sport and those making the best showing were matched against the upperclass teams at the sports tournament. The aggressive and determined freshmen now have one year of profitable experience behind them, and they will bear watching in the future.

High School Days Have Ended

—The ones you will long remember—happy years spent with close associates — the years of concerted efforts—these years of accomplishments will alway be treasured as one of the bright spots of life. It's the knowledge you have gained in mastering your school problems, that fit you to carry on to the bigger problems which you will meet in world affairs. Please accept our sincere congratulations to the Graduating Class of 1936—Whatever your future ambitions may be, we extend our best wishes for happy accomplishments and hope your efforts will meet with great success.

It Seems to Me.....

that if I were young again
and just starting out to buck the world,
I would take a tip from men like
Ben Franklin and Andrew Carnegie
and a lot of others who "made the grade."
.....I would look after the pennies,
because what is saved on the "outgo"
builds future "income."
I would look around carefully before
spending my money.
And for a starter, I suggest
that when buying things for your car,
you drop in at Western Auto Supply Co.
where you'll save pennies and dollars too
which will help build a War Chest for
future opportunity which always comes.
We offer everything for your car—
every article of guaranteed quality
and priced to save you money.

Yours truly,
VERN CRUZEN, Manager.

Dear Jack;

Don't forget how I brushed your chair across the french ceiling. I know it doesn't look like it, but it have some place. Virginia Beer Stafford

Dear Jack!

I thought and thought and thought and finally signed my name. Wilma
